Dear Game Boy,

I think the Nintendo Comics System is AWESOME. I think Game Boy is, too. Do you have a fan club? If you do, can I be a member?

I think Game Boy is the best portable game system I have ever played.

What is your number?

Daniel Wlazlo
Mastic Beach, NY

Number 1, thanks to you!

We don't have an official fan club, Daniel — but, we do think that writing to this letter column is one way to prove your loyalty! Glad to have you with us.

Dear Game Boy:

I just bought your first comic, and I wrote this letter the same day. Game Boy is great!!!

But, I have some ideas for future comics. Instead of using Mario (I can see he's in issue #2), you could use Simon, from "Castlevania the Adventure." I've also heard rumors about Teenage Mutant Ninja Turtles for Game Boy. If so, you could use them.

Hope to hear from you soon...

At the moment, only Mario seems

willing to venture into our world, Brian. But, you never know...

Dear Game Boy magazine,

I have been buying Game Boy games ever since they came out, and have been satisfied with them except for one problem. I am not a subscriber to Nintendo Power, so I miss out on a lot of hints and secrets on Game Boy games.

The "problem" is that there isn't enough information about Game Boy games available to purchasers, so they can buy exactly what they want.

I think it would be great to give information on Game Boy games in the Game Boy magazine. Can you give it some thought? Thanks.

Erich Reed
San Jose, CA

Most of our Game Boy stories have hints on how to play Super Mario Land, if you read them carefully, Erich.

But, if you (and other readers) want even more, we'd be happy to print suggestions or info on other games, too.

Consensus, folks?
